

Magnetic mount for vibration sensors

MAGNETIC MOUNT M8 FOR VIBRATION SYSTEMS

Application

Design	for efector octavis
--------	---------------------

Operating conditions

Ambient temperature	[°C]	-40...80
---------------------	------	----------

Mechanical data

Weight	[g]	158.2
Materials	magnet: neodymium nickel-plated; steel galvanised; ;	
Sensor connection	M8 x 1,25 internal thread	
Pull strength	[N]	350

Remarks

Pack quantity	1 pcs.
